Pre-Task: 00   **Robust Control Systems**   **H. Bevrani**

Student Name:	Student ID:

Important Points:

1. You are free to response in Persian, English, or Kurdish (for international students)
2. Write by your own understanding (no Copy!)
3. Keep limitation words.
4. Send on the correct time, otherwise it will not be checked.
5. You can talk to each other, but you cannot send same reports.
6. Rewriting with chat GPT of a single report is easy to find.

If you have any question based on your pre-task, please write it and try to find the answer by the main class teaching, if you could not find the proper answer, please ask the lecturer in the question time of the session.

Your Response:
